

Subject: Streamline your Research with Lean Library

Hi [Name],

Did you know that your library has made Lean Library available for you to use for free?

Lean Library helps students streamline their research process. You gain easy access to library resources and support, directly from within Google and other webpages. With no need to even visit the library's website, the resources you need are available wherever you are in your workflow.

Why use Lean Library?

1. Easy access to library-subscribed resources
2. Integrates with your favourite research tools like Google Scholar and PubMed
3. Easy access to library support within your preferred workflow
4. Spend less time searching for research material and more time studying

Download Lean Library at <https://www.technologyfromsage.com/products/lean-library-extension/> Happy researching!

Kind regards,
